Entry Requirements This course is for all those interested in learning the medium of acrylics at any level.

Course Intent This mixed ability class will be differentiated by the tutor to allow you to develop, consolidate and extend skills at a level appropriate to your previous experience of using acrylics as a medium.

Whether you are a beginner or more experienced learner you will be supported to extend your knowledge, learn new techniques, choose a range of subjects for your art, explore the work of different artists and work towards developing your own unique style.

How will the course be delivered? You will be working with your tutor and other students online in a Google Classroom. This will involve a regular video meeting every week, using the Google Meets app, with supporting learning resources in the virtual Google Classroom. We will supply you with a login and password when you enrol, and we can provide telephone support to help you to get into the virtual classroom on your computer.

Will I need to study or practise outside the classroom? It is always useful to practice your skills between sessions. Your tutor may set some home learning for you to practice.

How will I know I'm making progress? Your tutor will set objectives for each session and give feedback on how you are progressing. You will agree personal targets as part of your Individual Learning Plan (ILP), and you will review your targets throughout the course to check your own progress.

What will I need for the course? You will need either a computer with Google Chrome or a Smart device (phone/tablet) with Google Chrome and the Google Meet app installed and access to WIFI.
