on course SOUTH WEST

Venue:	**Room**	
Online* Subject to change		**Start Date:** 03 March 2021 **End Date:** 28 April 2021 **Sessions:** 7 **Day(s):** Wednesday
Cost of course:	Fee £63	**Start Time:** 18:00 **End Time:** 21:00

How do I enrol?

You can enrol online at www.oncoursesouthwest.co.uk or call our friendly customer service team on 01752 660713 who will happily take your enrolment.

Entry requirements

This course is for complete beginners. People with a limited amount of knowledge on the subject may join this course to refresh their skills.

Course Intent

During this course you will learn about the components that make up a computer and develop understanding of how these communicate with each other. You will then learn basic computer building and programming skills through the design and building of your own Raspberry Pi computer.

How will I learn?

During the first session your tutor will outline what will be covered during the course. You can then think about your individual aims for the course and make an individual learning plan, with the help of the tutor.

This is a mainly practical course with some theory. You will learn through a combination of tutor led demonstrations, hands on activity and theory sessions.

How will I know I'm making progress?

You will review your individual learning plan with your tutor who will give you written feedback and support to achieve your targets. This will enable you to identify any additional support requirements or areas to practise and revise.

Will I need to study or practise outside the classroom?

It is always useful to practise your skills between sessions and your tutor will give you guidance on group and individual topics.

What will I need to take to the course?

Please bring a pen and notepad to sessions.

Progression

Look out for information regarding follow on courses.
Learning Advisers will be happy to provide you with information on your next steps after this course.
Visit our website at www.oncoursesouthwest.co.uk or contact us on 01752 660713 to discuss or to make an appointment.

Please note

Most courses attract a subsidy from the Education and Skills Funding Agency and can be used to match funding for ESF. It is a requirement of the ESFA that you complete various forms at different stages of your course, further information is available on request. Courses are subject to a minimum number of enrolments and could be cancelled if recruitment is low. In some cases, an alternative class at a different location may be offered.
Room numbers are subject to change - please check when you arrive at the venue.
